

BRANDON'S VOICE

Changing the voice of Autism

Just as popcorn bursts kernel by kernel, we are looking to change the voice of autism one voice at a time. Poppin' for the Spectrum is a fun and easy way for every family and every community to support our mission.

Brandon's Voice invites you to host your own Poppin' for the Spectrum popcorn stand to raise money for autism research, programming, and awareness. Find guidance, templates, and more at brandonsvoice.org or contact us for details.

FOLLOW THE STEPS BELOW TO HOST A STAND:

- Choose a date, time and location for your stand.
- Gather materials such as a table, cash box or chairs to make your stand stellar!
- Pop that popcorn! Fill small paper or plastic bags with popcorn. Visit our site for our digital Poppin' for the Spectrum kit!
- When you host your stand, sell the popcorn at a reasonable price point and let them know the money is going to Brandon's Voice to change the voice of autism!
- Once the stand has come to an end, send proceeds via check or PayPal. See donation details at www.brandonsvoice.org/donate-2/
